

## Warm SPRINGS Everyday Comfort Insole

The durable **Everyday Comfort Insole** is engineered for relief and will provide *all-day comfort - everyday!* It is designed to be pushed to the limits.

*Warm SPRINGS* anatomical design is what makes the difference. This insole immediately supports The arch, cradles hurting heels and eliminates overall foot pain. In addition, we've engineered an extra soft mid-section that is designed to provide additional support to the metatarsal.

- Full size insoles that can be cut for optimum fit.
- Two shock-proof gel sections provide additional absorption in high-impact areas, which help relieve stress to lower back and legs.
- Moisture management system keeps feet dry and minimizes blisters.
- Anti-bacterial coating. **#WPSC1000 pr.**

Size:	XS	SM	Med	Lg	XL	XXL
<b>Men's</b>		5-6 <sup>1/2</sup>	7-8 <sup>1/2</sup>	9-10 <sup>1/2</sup>	11-12 <sup>1/2</sup>	13-15

### Arch 1000 Insoles

The Arch 1000 provides stability, support and full-length, lightweight cushioning.

- **Extra Support System**  
The anatomically shaped arch support and heel cup combine to deliver extra support and stability.
- **Anti-Bliester Top Cover**  
The anti-friction top cover helps prevent blisters and keeps feet cooler and drier.

- **Maximum Performance Cushioning**  
Poron® Cellular Urethane provides shock absorption for the heel and arch. Poron® is lightweight and durable and does not harden like PVC foam, breakdown like Latex foam or take a compression set like EVA foam.

**Sizing:** Men's 7 - 15, Women's 5 - 10  
**#H393 pr.**

### Cushioned® Insoles

The perfect way to lengthen the life of shoes!  
High quality and low cost make this insole one of the the best values on the market!

- **Extra Deep Heel Cup** cushions the foot naturally utilizing the natural cushioning tissues in the heel of the foot.
- **Air Flow Channels** molded into the shape of the arch move warm air out and draw cooler air into footwear.
- **Long Lasting Foam**, lightweight yet durable, polyurethane delivers comfort and shock absorption. Does not break down or lose its energy over time.
- **Versatile Use**, designed for all types of athletic shoes, sports and activities.

**Sizing:** Men's 7 - 15, Women's 5 - 10  
**#BCFI pr.**

### Flatfoot® Sport Insoles

The only patented full length insole that keeps the feet in alignment with the ankles, knees and hips resulting in overall pain relief!

The problems associated with over-pronation are prevented by the **Flat Foot Insole. Its patented design aligns the ankle and supports the foot from Mid-stance to Toe-off.**

People with low arches or flat feet who have been forced to live with foot, ankle, knee and lower back pain no longer have to consider standing, walking or running painful experiences.

- **Poron Cushioning** - Orange Poron layer provides maximum cushioning for athletic use.
- **Anti-Bliester Top Cover** - The anti-friction top cover helps prevent blisters and keeps feet drier.
- **Fights Odors** The MicroZap® antimicrobial in the top cover helps keep the insole odor free.

**#H110 pr. Sizing:** Men's 7 - 15, Women's 5 - 10
