

Walker/Runner Orthotics

These orthotics are designed to provide comfort and stability while walking or running. They are made with technologically advanced gel throughout the entire orthotic to absorb shock forces and comfort every step.

Sizes:
Wos 5-6.5, 7-8.5, 9+
Men's. 8-9.5, 10-11.5, 12+

No. 40663ASST, **pr.**

Orthotic/Hiking 3/4 Orthotic

These orthotics fit in most footwear styles and are biomechanically designed to support the longitudinal arch and reduce stress on the ball-of-the-foot.

Sizes:
Wos 5-6.5, 7-8.5, 9+
Men's. 8-9.5, 10-11.5, 12+

No. 1608ASST, **pr.**

Sports Heel Cups

Sports Heel Cups feature a patented deep heel cushion designed by a doctor to reduce stress on the achilles tendon and relieve heel pain. The unique heel seat and Anti-Shox Gel absorb shock forces while protecting and cushioning the rearfoot. The heel cups fit comfortably in athletic footwear and are ideal for high impact activities.

One Size
No. A1307, **pr.**

Bounce Gel Insole

Bounce Insoles feature gentle arch support, soft heel cupping for rearfoot stability, and a unique waffle design that relieves ball of foot discomfort. Made from Platinum Gel that absorbs shock forces and helps provide immediate relief from foot pain. Fits comfortably in all footwear styles.

	Women	Men
Small	3-1/2 - 5-1/2	4-1/2 - 6-1/2
Medium	6 - 8	7 - 9
Large	8-1/2 - 10-1/2	9-1/2 - 11-1/2
X-Large	11 - 13	12+

No. 4075ASST, **pr.**

See Page 7 for Apex Forefoot Supports

Everyday Heel Cushions

Everyday heel cushions are designed to relieve the pain and discomfort of heel strike. The heel lift transfers forces away from painful heels and reduces tension at the Achilles tendon. Anti-Shox Everyday Heel Cushions are constructed with Anti-Shox Gel to protect the heel and absorb shock.

Sizes:
Sm, Med, Lg.
No. 50740, **pr.**

Work/Dress Orthotic

These orthotics provide comfort and shock absorption in all footwear styles, including high heels.

Sizes:
Wos 5-6.5, 7-8.5, 9+
Men's. 8-9.5, 10-11.5, 12+
No. 1483ASST, **pr.**
