

Tarrago Cream Polish

Tarrago Shoe Cream Polish is a soft wax-based shoe cream that nourishes and maintains shoes, boots, belts, handbags, crafts or other leather goods. It shines and enhances the color of leather and synthetic leather and can be used on all natural and smooth leather such as cowhide, goat, pig and equine leather. Enriched with natural waxes like bees wax and carnauba wax, Tarrago Shoe Cream softens and nourishes, providing a lasting shine and waterproof protection. High quality pigments provide great coverage that dries very quickly and is safe for the environment. 1.73 oz. jar. **#T310**
